

Sample Document for PDF Text Extraction

This document is created to test PDF text extraction functionality in the AI backend project.

Sections:

1. Introduction

- Purpose of this document is to provide sample text.
- It covers multiple paragraphs and simple formatting.

2. Features

- Upload PDF files.
- Extract text using pdfplumber and OCR.
- Store text and metadata.

3. Conclusion

- Successful extraction enables further processing like embeddings.
- Ready for next development phase.
